

AT&T Digital Government Calling Plan

AT&T Digital PCS Government Service Plan

Type of service	AT&T Digital PCS
Monthly service fee	None
Peak airtime	19¢
Off-peak airtime	15¢
Long Distance	15¢
Regional Colorado Roaming	30¢

Both incoming and outgoing calls are billed in full minute increments with partial minutes of use rounded up and charged as a full minute. You are billed from Send to End. You are not billed for unanswered calls or a busy signal, as long as you press End within one minute. Long distance and roaming charges are additional.

AT&T Digital PCS

The digital technology that makes communication even more convenient. It's more than just cellular. AT&T Digital PCS is the personal communication service that offers longer standby time, Caller ID, paging and enhanced VoiceMail.

About Your Calling Plan

Government service plan eligibility is limited to government agencies in the state of Colorado, and the government agency must assume all liability. Official agency purchase orders are required prior to activation of phones on this service plan. Invoices must be sent to and remitted by the appropriate agency or certifying office. Roaming and long distance charges are additional. Service plans are subject to change without notice. Holidays include January 1st, July 4th, Thanksgiving Day and Christmas Day.

Calls may be "dropped" or involuntary disconnected for a variety of reasons. If you place a call and it is dropped, our system will automatically credit your account for one minute or airtime when you reconnect that same number within one minute.

Peak hours; M-F, 6am to 8pm, Off-peak hours, M-F, 8pm to 6am, plus all day weekends and holidays.

Our National Network Finds You – Automatically

With AT&T Wireless Services, almost any place can be just a phone call away. As part of being our customer, you have access to the powerful North American Cellular Network® which means you can place and receive calls in over 5,000 cities from coast to coast. Callers need only use your wireless number to reach you.

Long distance charges apply when you are placing or receiving calls outside your local area code. North American Cellular Network® ROAMING is \$.99/minute.
